I have determined that a lowering of water quality in _____ is necessary. In accordance with Ohio Revised Code 903.08 and Ohio Administrative Code Chapter 901:10-3, this decision was reached only after examining a series of technical alternatives, reviewing social and economic issues related to the degradation, and considering all public and appropriate intergovernmental comments. The lowering of water quality is necessary to accommodate important social or economic development in the area in which the water body is located.

This permit and the authorization to discharge shall expire at midnight on the expiration date shown above. In order to receive authorization to discharge beyond the above date of expiration, the permittee shall submit such information and forms as are required by the ODA no later than 180 days prior to the above date of expiration.
